ABOUT THE AEA

The AEA (An Edge Above) has been delivering west Michigan premier adult hockey tournaments in the state since 2005. We brought Grand Rapids, Michigan one of the most competitive beer league tournaments in the state, the Silver Puck Challenge. The SPC is our flagship tournament which spans over two months includes over 10 brackets of competitive beer league hockey action. The AEA is also responsible for Hockey Hold'em, this one-of-a-kind, adult "gambling" based tournament that is taking west Michigan by storm. A tournament where individuals compete and place "wagers" on their games. Those with the most chips move on to Championship Sunday for a chance to win prizes! Rounding out the AEA's portfolio is the Dekes & Dangles pond hockey tournaments. Open throughout the Michigan winter months, Dekes & Dangles keeps the outdoor winter season hot with competition and excitement.

NOW we have made connections and partnerships in the hockey jersey industry. With these new connections and our 30+ years of graphic designing experience we are able to deliver the beer league hockey communities a beautiful, high quality hockey jersey at a very reasonable and affordable price. Never go to a tournament again with a mix-and-match squad, come in ready to go and intimidate the competition with your professionally designed blouses!

OUR MISSION

No one should have to sacrifice quality and design to get their team a set of jerseys. A beautiful set of jerseys should elevate a team's moral, send a message to the competition and be worn with pride. Far too often, players just reach in their hockey bags and grab the closest thing to a light or dark jersey. Well, not anymore . . .

We'll work hard to bring your team the jerseys you all desire and deserve, all while doing it at an affordable beer league price. It's time to take your team's jerseys to a new level, contact us today and lets get started.
